LOT 16

Welcome . . .

A special “hi there” to everyone!

We all know that as the years go by, we make many changes, and from those changes comes a great deal of learning.

My family and I would like to welcome you to our sale this year in a new, but familiar, location. It feels good to be back closer to home.

The first sale we ever had was at the Weyburn Livestock Exchange in September of 1992. In September 1999 we moved the sale to Regina where we joined Bob and Lois Brickley. Within those ten years, in 2002, we all joined with the Grad family and September Showcase was started. We very much enjoyed those ten years with Bob and Lois.

We will miss being a part of September Showcase, but due to economics we have decided, in an attempt to keep costs down, to bring our sale back to Weyburn where it all began. This move also means that our foals will have a shorter distance to travel, and so will have less stress put upon them – a win/win for everyone.

So welcome back everyone! We hope you will join us this year at our new location!

July 25, 2009

The newlyweds, Tawnie and Justin and Sheila (dog), along with Tarryn, Gary, Jordan, Jacob and Jaxon; Tory, Amanda, Taylor and Tennessee; and Gramma Laurie.

This stallion is worth his weight in gold to me. He has given me great pleasure with the gorgeous babies that he has put on the ground. He has given me a lot of color this year. If you like the Drifter foals – this is the year to buy because he isn’t getting any younger. Drifter turned 20 this spring and I don’t know how many years he has left. I have noticed some mares cycling back in the pasture this summer and until I get my preg testing done I’m not sure what I will have on the ground for foals next spring. We have kept 3 of his foals back over the years to show in different disciplines and they have done very well. They have won over \$25,000 in prize money alone. If I had the manpower to feed and care for these babies none of them would be coming to town because I think every one of them could be shown and be a winner. The minds on his foals are super. Lot #'s 1 to 10.

Mare is 16 HH. This filly is a dream girl. Lacey, her mother, has a mind that is unbelievable. My grandchildren rode her when they were 2 and 3 years old by themselves. She is a babysitter. Tawnie trained her all by herself and won Reserve Champion in Alberta against 37 other horses bringing home over \$16,000. I have been offered a lot of money for this mare and turned it down. This years foal was a cross. I wanted to try to see how athletic it could be. I really believe it worked. A barrel racing prospect and she is black.

This stallion has a very special place in my heart. He has put a special class of foal on the ground and when crossed with the Drifter mares I couldn’t be more pleased with the results. He has given me great color over the years. In Fires world we never showed any but it is what our buyers have done with his foals that has made us proud. The blue roan gelding that Kevin Goruik competed on and won the Ranch horse competition and has the record for the highest price gelding at the sale. “Ringer” the 3 year old Tawnie put 2 months of riding on sold for \$5,200 and Vern, the guy that bought him, taught him to rope and sold him for over \$10,000 in the steer roping world and is doing great. When other people can buy these horses and make them a winner that’s what this whole horse world is all about. Lot #s 12 to 17.

Leo has made us very proud. A full brother to Miss Mighty Twister “Toby” the mare I purchased at Agribition for \$11,500. When a youth can take one of his foals and win the Grand Champion of the show against the professionals and bring home just shy of \$10,000 it makes us very proud. They have the confirmation to win in the halter class, the collected gates to do well in the pleasure classes and the athletic ability to win the pattern (combination of reining and trail) classes. All of this put together with the great mind to handle it all mentally and with a sweet personality. This is our experience with our Leo foal we kept to show. It’s your choice Lot #20 and Lot #21.

In the Saskatchewan 50/50 Futurity in 2005 Jack did very well . He placed 1st and 2nd in halter, 3rd and 5th in rail and 5th and 9th in pattern. After the first day of competition Tawnie and Jack were in 3rd place. On the second day they received a 1st and 5th in pattern, 2nd and 10th. Tawnie and Jack were Reserve Champions of the futurity! They won \$3,822 and a jacket. That money was doubled to \$7,644 because Jack is a Naeric horse. Tawnie also won the High Point Non-Pro award, receiving a jacket. Laurie received \$716.62 in Breeder awards as well as a jacket. Tawnie and Jack won \$8,360.62 plus prizes at the Saskatchewan 50/50 Futurity. With both Futurities Jack has won \$11,479.02. This is proof that these horses have a great mind, athletic ability and confirmation all in one package. Foals are Lot #22 and Lot #23.

Pepper Mint is a 4 year old stallion that I bred for my own use. As I have said before I really like the Two Eyed Jack and Sonny Dee Bar bloodline and they are both on Pepper Mint's papers. They are very versatile and you also get great confirmation and a good mind. As you will see his foals are very athletic. Pepper Mint stands 15.2 HH, has a nice head, long neck and is very stream lined. His black coloring helps for color. On the palomino mare I got all buckskin foals this year. I am sure his foals are capable of any discipline you would like from a ranch horse, to barrel racing and for any English riders he will give you a good mount. I am very excited to see what his foals will do in the future. Foals are Lot #s 24 to # 31.
